

Jacksonville Orchid Society, Inc.

2017 Orchid Show

EXHIBITS AND EXHIBITORS

1. Any person who so desires may exhibit his or her orchid plants at the Jacksonville Orchid Society Show on the Individual Entry table or in a Space Exhibit. Each person, by exhibiting his or her plants agrees to comply with all of these Show Regulations.

2. Any person who desires to exhibit his or her plants in a Space Exhibit arrangement may do so within the limits of available space. Selling activities are not permitted, except as provided under Section IV. Space exhibitors may also enter plants on the Individual Entry table. Space exhibitors must reserve space with the Amateur, Orchid Society, or Commercial Exhibits Chairman, as appropriate. The Staging Chairman and Exhibits Chairman, with the approval of the Show Chairman, shall make all decisions with regard to the allotment of space, the sizes of exhibits, and the location of exhibits within the Garden Club. The decisions of the Show Chairman shall be final.

3. Set-up of exhibits may begin at 7:00 a.m. on the Friday before the Show. No set-up will be allowed on Thursday Dollies and other rolling equipment must have rubber wheels. All exhibits and sales spaces must be in place and complete by 6:00 p.m. on the Friday before the show unless prior arrangements have been approved for late arrival. Exhibits may not be removed until after 4:00 p.m. on the Sunday of the Show. Early exhibit removal will invalidate any award received by the exhibit. All exhibits must be removed on Sunday of the show and the area broom clean by 6:00 p.m.

4. Foliage plants and mosses, etc., may supplement exhibits, but no artificial or dyed mosses or foliage of any kind will be permitted. Artificial props, such as logs, tree trunks, or rocks are permitted, provided caution is exercised to prevent damage to the premises or danger to persons. All plant pots, fern stands, boxes and other means of support must be concealed, so that they are not visible upon completion of the exhibit. All orchid plants must be neatly and legibly labeled. NO SAND OR WATER may be used as a decorative or support element in any exhibit.

5. Cut flowers and flowering plants may not be used in the same exhibit. Flowers other than orchids are not permitted, except small inconspicuous blooms on background foliage plants.

B. ENTRY AND CLASSIFICATION

6. All plants and flowers in competition must be properly and individually labeled, including varietal and cultivar epithets, if any. Exhibitors must indicate the parentage of every hybrid and/or previous awards to a plant from AOS, RHS, ODC, etc., on the Entry Form. Awards to parents of hybrids need not be listed.

Jacksonville Orchid Society, Inc.

2017 Orchid Show

7. Registration Forms for plants and flowers will be accepted at any time, up to 2:00 p.m on the Friday before the Show. Plant registration must be submitted electronically (email or on a thumb drive) on an excel spreadsheet which will be provided to you. Plant Identification Numbers will be issued from 10:00 a.m. to 2:00 p.m. on the Friday before the Show. Judges arriving on Saturday of the Show from out of town may register plants for AOS judging. Ribbon Judging will begin promptly atn8:30 a.m. on Saturday of the Show. Jacksonville Orchid Society.

8. Proper classification of plants entered for Ribbon/Trophy Judging is the responsibility of the Exhibitor, although Show Registration personnel will render assistance as time and their ability permits. The Registration Committee may subdivide classes along logical lines as entries are received if such a division seems necessary. It is the purpose of Classification to permit plants and flowers of like or similar natures to compete on a fair and equitable basis. Any classification dispute will be resolved by the Registration Chairman, whose decision will be final.

9. No plant may be entered in more than one class, except where double registration is inherent, such as in Classes for Novice Growers, such as Fragrance, and Red Cattleyas. Plants propagated by dividing, or by meristem or other cloning techniques, may not be entered as First Bloom Seedlings. All exhibits registered for Ribbon Judging are automatically registered by the Registration Committee for the appropriate Trophy competition.

10. Exhibit identification signs and plant number tags will be provided by the Registration Committee, along with various methods to affix the tags to plants in such a way as to clearly identify the entry. Exhibit theme title signs are encouraged, but not required, and their preparation and placement are the responsibility of the Exhibitor.

11. The Show Chairman shall have the authority to reject and disqualify entries which are tardy or diseased or pest infested.

C. JUDGING AND AWARDS

12. Only plants and flowers entered as Individual entries or as Amateur or Orchid Society Space (Group) exhibits will be ribbon judged. Commercial Exhibitors are not eligible for ribbon judging. When an entry is not owned by the exhibitor, judging entry must be made in name of the owner, not in the name of the exhibitor. All plants in the show, whether or not entered, will be eligible for judging for trophy awards, regardless of location.

13. In Ribbon/Trophy judging, judges may withhold awards where award is not merited. Judges may divide or subdivide classes to give fair recognition of quality entries.

Jacksonville Orchid Society, Inc.

2017 Orchid Show

Judges may, at their discretion, reclassify or disqualify improperly classified entries. Judges may not divide or subdivide any class in the Group Exhibits category (Classes 10- through 40), nor reclassify any entry in such classes, without the approval of the show chairman. Decisions of the judges with respect to the above is final.

14. All plants exhibited in the show will be eligible for AOS Awards, and will be considered by the AOS Judges unless the plant is clearly marked that it is not to be so considered. Exhibition of a plant without such a notation shall be deemed to constitute an agreement by the Exhibitor to pay any and all fees in connection with any award given by the AOS.

15. Exhibitors may request at the registration table during Registration hours that specific plants be considered for AOS awards.

16. The American Orchid Society Show Trophy will be awarded, if merited, regardless of entry class.

17. Trophies will be assigned to classes prior to the show set-up.

18. For information on shipping unaccompanied entries, contact the Show Chairman. Contact Information is available on the JOS website for the Annual Show in the JOS Show Committee section.

D. COMMERCIAL SALES ACTIVITIES

19. No plants or merchandise may be sold or offered for sale during the show, except by the Jacksonville Orchid Society, or by such persons firms or corporations expressly permitted to sell by the Commercial Exhibits Chairman.

20. The issuance of an invitation and permission to sell at the show shall be at the sole discretion of the Commercial Exhibits Chairman, with the advice and consent of the Show Chairman. The Commercial Exhibits Chairman shall determine the total number of, and to whom invitations and permissions are issued. Such decisions of the Commercial Exhibits Chairman shall be generally governed by these standards:

(a) The amount of space available in the Exhibit Hall,

(b) The general reputation for honesty, fair dealing, and good business practices of the prospective seller,

(c) The prospective seller's reputation for compliance with Show rules and regulations at prior events, and the prospective seller's demonstrated ability and desire to install an exhibit of such quality as is required by the Show Committee.

Some of the major purposes of this Show are to introduce new people to the hobby of growing and displaying orchids, and to promote membership in the Jacksonville Orchid Society. Presentation of exhibits of good quality which meet the high standards set out in the AOS Handbook on Judging furthers these purposes. Poor exhibit quality shall be

Jacksonville Orchid Society, Inc.

2017 Orchid Show

deemed sufficient reason to deny or to withdraw an invitation and permission to sell to any seller.

21. Acceptance of any invitation and permission to participate as a Commercial Exhibitor shall be evidence of a Seller's agreement to:

(a) Abide by all these Show rules and regulations,

(b) Install an orchid exhibit of good quality, as measured by AOS Show Trophy standards, which occupies 100 square feet of floor space,

(c) Possess a current Nursery Registration license of the State of Florida, or the equivalent registration of the seller's home state, and be prepared at all times

during the show to provide evidence of such registration and licensure,

(d) Be registered with the Sales Tax Division, Department of Revenue of the State, and responsible for the collection and remission of any and all applicable taxes on sales, and to hold the Jacksonville Orchid Society harmless from any tax liability resultant from seller's sales activities,

(e) Display in the seller's sales area the name and general location of the seller's primary place of business, in a neat and acceptable manner, and insofar as is practicable, to use plant tags or other means to identify the seller's business as the seller of the items offered for sale,

(f) Confine all sales activity to the assigned sale area, within the outside perimeter of the assigned sales tables,

(g) Use sales tags or price stickers on all items offered for sale, insofar as is practicable, and

(h) Not engage in 'Fire Sales', 'Selling Out Sales', wholesaling to the public or similar price reduction promotions which may tend to cheapen the Show in the eyes of the public.

22. A fee, established by the Show Committee will be charged of all Sellers. Such fee entitles the Seller to sell orchid plants and supplies at this Show, and to have supplied for this purpose, three skirted tables and two chairs for the Seller's area. No refunds of this fee will be made except in emergency situations as defined by the Commercial Exhibits Chairman and the Show Chairman.

E. MISCELLANEOUS

23. Interpretation of, questions regarding, or disputes over any of these rules shall be resolved by the Show Chairman whose decisions regarding same shall be final.

24. Neither the Jacksonville Orchid Society nor the Garden Club of Jacksonville are responsible for any damage to, or loss of, flowers, plants, or any property of Exhibitors, though every reasonable effort will be made to safeguard them.

Jacksonville Orchid Society, Inc.

2017 Orchid Show

ENTRY SCHEDULE FOR EXHIBITS

- 10 **Commercial Exhibit** – 100 square feet

- 20 **Society Exhibits** - over 50 square feet

- 30 **Novice Exhibits**- over 50 square feet
- 31 Novice Exhibit - 10-50 square feet
- 32 Novice Exhibit- Table Top Double Shadow Box
- 33 Novice Exhibit- Table Top Single Shadow Box
- 36 Novice Exhibit- Glass Enclosed Exhibit

- 40 **Educational Exhibit**

ENTRY SCHEDULE FOR PLANTS IN FLOWER

Note 1: In this Schedule, unless the word “hybrid,” is preceded by the word “all,” or “intergeneric,” only an intrageneric hybrid is meant, unless otherwise specified in each case.

Note 2: Meristems do not qualify as seedlings.

CATTLEYA ALLIANCE

Allied Cattleya genera species

Intergeneric hybrids should be entered according to the dominant parent, if there is a choice of class

- 70 *Epidendrum* species
- 80 *Encyclia* and *Prosthechea* species
- 90 *Epidendrum*, *Encyclia* and *Prosthechea* intrageneric hybrids.
- 100 *Epidendrum*, *Encyclia* and *Prosthechea* intergeneric hybrids. **INCLUDES *Cattleya* hybrids.**
- 110 *Brassavola* species and intrageneric hybrids, (B x B): other than above, **excluding *Cattleya*.**
- 120 *Brassavola* intergeneric hybrids, **flower predominately *B. nodosa* in form. INCLUDES *Cattleya* hybrids. Flowers should be star shaped.**
- 130 *Rhyncholaelia* species.
- 131 *Rhyncholaelia* intrageneric and intergeneric hybrids, **excluding *Cattleya*.**
- 140 *Broughtonia* species, intrageneric and intergeneric hybrids: other than above.
- 150 *Laelia* species, intrageneric and intergeneric hybrids: other than above, **excluding *Cattleya* and *Laelias* which were recently moved to the genus *Cattleya*.**
- 160 *Myrmecophila* species, intrageneric and intergeneric hybrids: other than above, **excluding *Cattleya*.**
- 170 **Allied *Cattleya* genera species**, intrageneric and intergeneric hybrids: other than above, **excluding *Cattleya*.**
- 190 Seedling blooming for the 1st time classes 70-170. ***Must be double entered.***

Jacksonville Orchid Society, Inc.

2017 Orchid Show

***Cattleya* – Small flowered - less than four and one half inches (4-1/2”) natural spread. Classes 200-211 are intended to cover the plants which are influenced by the former *sophronitis* and *rupicolous laelias* which have now been moved to the genus *Cattleya*. Also, covers small flowered traditional *cattleyas* such as *luteola* and *forbsii*.**

- 200 ***Cattleya* species including *Guarianthe*** (small flower, less than 4.5 inches)
- 201 ***Cattleya* hybrids** (small flower, less than 4.5 inches): lavender/mauve/pink
- 202 ***Cattleya* hybrids** (small flower, less than 4.5 inches): white and semi-alba
- 204 ***Cattleya* hybrids** (small flower, less than 4.5 inches): yellow/orange
- 205 ***Cattleya* hybrids** (small flower, less than 4.5 inches): green and green with colored lip
- 206 ***Cattleya* hybrids** (small flower, less than 4.5 inches): red/red-lavender
- 208 ***Cattleya* hybrids** (small flower, less than 4.5 inches): splash petals
- 209 ***Cattleya* hybrids** (small flower, less than 4.5 inches): spotted
- 210 ***Cattleya* hybrids** (small flower, less than 4.5 inches): other than above. Any other colors.
- 211 ***Cattleya* hybrids** (small flower, less than 4.5 inches): seedling blooming for the first time from Classes 200 – 210. ***Must be double entered.***

***Cattleya* – Large flowered – Four and one half inches (4-1/2”) and larger natural spread. Classes 220-240 are intended to cover the standard or classic size *Cattleyas*.**

- 220 ***Cattleya* species** (large flower, 4.5 inches & over)
- 221 ***Cattleya* hybrids** (large flower, 4.5 inches & over): lavender/mauve/pink
- 222 ***Cattleya* hybrids** (large flower, 4.5 inches & over): white and semi-alba
- 224 ***Cattleya* hybrids** (large flower, 4.5 inches & over): yellow/orange
- 225 ***Cattleya* hybrids** (large flower, 4.5 inches & over): green and green with colored lip
- 226 ***Cattleya* hybrids** (large flower, 4.5 inches & over): red/red-lavender
- 228 ***Cattleya* hybrids** (large flower, 4.5 inches & over): splash petals
- 229 ***Cattleya* hybrids** (large flower, 4.5 inches & over): spotted.
- 230 ***Cattleya* hybrids** (large flower, 4.5 inches & over): other than above. Any other colors
- 231 ***Cattleya* hybrids** (large flower, 4.5 inches & over): seedling blooming for the first time from Classes 220 - 230. ***Must be double entered.***

Jacksonville Orchid Society, Inc.

2017 Orchid Show

CYPRIPEDIUM ALLIANCE

Paphiopedilum

- 250 *Paphiopedilum* species, section **Brachypetalum** (*bellatulum*, *niveum*, *concolor*, etc).
- 251 *Paphiopedilum* species, section **Parvisepalum** (*armeniicum*, *delenati*, *micranthum*, etc).
- 252 *Paphiopedilum* species, Section **Paphiopedilum** (*hirsutissimum*, *charlesworthii*, *insigne*, *fairrieianum*, etc.)
- 253 *Paphiopedilum* species, Section **Barbata** (*callosum*, *barbatum*, *lawrenceanum*, *sukhakulii*, *venustum*, etc.)
- 254 *Paphiopedilum* species, Section **Cochlopetalum** (sequentially blooming, e.g. *glaucophyllum*, *primulinum*, etc.)
- 255 *Paphiopedilum* species, Section **Coryopedilum** and **Pardalopetalum** (multifloral, e.g. *philippinense*, *sanderianum*, *stonei*, *rothschildianum*, etc.)
- 261 *Paphiopedilum* inter- and intrasectional hybrids, Sections **Brachypetalum** and **Parvisepalum**.
- 262 *Paphiopedilum* hybrids. Callosum types (Maudiae): green/yellow/white
- 263 *Paphiopedilum* hybrids. Callosum types (Maudiae): bronze/mahogany/red/vinicolor
- 265 *Paphiopedilum* hybrids. Callosum types (Maudiae): other colors
- 271 *Paphiopedilum* hybrids. Complex: white/green/yellow/orange.
- 273 *Paphiopedilum* hybrids. Complex: bronze/mahogany/red/pink/vinicolor
- 281 *Paphiopedilum* hybrids. Sequential blooming.
- 282 *Paphiopedilum* hybrids. Sequential blooming x Multiflora
- 283 *Paphiopedilum* hybrids. Multiflora x Brachypetalum or Parvisepalum
- 284 *Paphiopedilum* hybrids - Multiflora types: white/green/yellow
- 285 *Paphiopedilum* hybrids - Multiflora types: bronze/mahogany/red/pink/vinicolor
- 291 *Paphiopedilum* hybrids - other single flowered types (such as hybrids of *fairrieianum*, *hirsutissimum*, *spicerianum*, *insigne*, etc.).
- 292 *Paphiopedilum* hybrids - intersectional, other than above.
- 295 *Paphiopedilum* seedling blooming for the first time from Classes 250 - 292.
Must be double entered.

Phragmipedium, *Selenipedium*, *Cypripedium*

- 300 *Phragmipedium* species.
- 301 *Phragmipedium besseae* hybrids excluding *kovachii* - primary / near-primary hybrids with *besseae* as one parent. Examples: Barbara Leann, Mountain Maid, Eric Young, Inca Fire, Rachel Kirk, etc.
- 302 *Phragmipedium kovachii* hybrids other than above - primary / near-primary hybrids with *kovachii* as one parent. Examples: Fritz Schomburg, Frank Smith, Incan Treasure, Haley Decker, etc.
- 303 *Phragmipedium* long-petaled hybrids – excluding *besseae* and *kovachii* in background.

Jacksonville Orchid Society, Inc.

2017 Orchid Show

- 304 *Phragmipedium* hybrids – all others; excluding *besseae* and *kovachii* in Background
- 310 Other *Cypripedioideae* species and hybrids (*Cypripedium*, *Selenipedium*, *Mexipedium*).
- 320 *Cypripedium* allied genera seedling blooming for the first time from Classes 300 - 310. **Must be double entered.**

VANDA ALLIANCE:

- 330 *Aerangis* species and intrageneric and intergeneric hybrids.
- 340 *Aerides* species and intrageneric hybrids.
- 341 *Aerides* intergeneric hybrids: other than above.
- 350 *Angraecum* species and intrageneric hybrids.
- 351 *Angraecum* intergeneric hybrids: other than above.
- 360 *Arachnis* species and intrageneric hybrids.
- 361 *Arachnis* intergeneric hybrids: other than above.
- 370 *Rhynchostylis* species and intrageneric hybrids.
- 371 *Rhynchostylis* intergeneric hybrids: other than above.
- 380 *Renanthera* species and intrageneric hybrids.
- 381 *Renanthera* intergeneric hybrids: other than above.

Vanda – Small flowers - three (3) inches or less natural spread

- 390 *Vanda* species 3 inches or less (formerly *Ascocentrum*, *Neofinetia*, *Christensonia*, etc).
- 391 *Vanda* hybrids 3 inches or less (color predominating): orange/yellow
- 392 *Vanda* hybrids 3 inches or less (color predominating): red/purple/pink
- 394 *Vanda* hybrids 3 inches or less (color predominating): blue.
- 395 *Vanda* hybrids 3 inches or less - any other color.

Vanda – Large flowers – over three (3) inches large natural spread

- 400 *Vanda* species over 3 inches.
- 410 *Vanda* terete-leaf hybrids including *Papilionanthe*.
- 420 *Vanda* semi-terete-leaf hybrids.
- 421 *Vanda* strap leaf hybrids over 3 inches (color predominating): orange/yellow.
- 423 *Vanda* strap leaf hybrids over 3 inches (color predominating): green/white.
- 424 *Vanda* strap leaf hybrids over 3 inches (color predominating): red/purple/pink.
- 425 *Vanda* strap leaf hybrids over 3 inches (color predominating): blue.
- 428 *Vanda* strap leaf hybrids over 3 inches (color predominating): tan/brown.
- 430 *Vanda* strap leaf hybrids over 3 inches (color predominating): other colors.

- 450 *Vanda* intergeneric hybrids (excluding *Phalaenopsis*) Other than above.
- 460 Allied *Vanda* genera, species, intrageneric and intergeneric hybrids: other than above (excluding *Phalaenopsis*).
- 470 *Vanda* alliance seedling blooming for the first time from Classes 330-460. **Must be double entered.**

Jacksonville Orchid Society, Inc.

2017 Orchid Show

PHALAEENOPSIS ALLIANCE: (includes former genera *Doritis*, *Kingidium*, *Lesliea*, *Nothodoritis*, *Ornithochilus*, *Sedirea*, etc.)

480 *Phalaenopsis* species less than 2.5 inches natural spread.

482 *Phalaenopsis* species 2.5 inches and over natural spread.

***Phalaenopsis* – Small flower - less than 2.5 inches natural spread**

491 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – white (no spots, bars or stripes).

492 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – white with colored lip (no spots, bars or stripes).

493 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – white with spots/bars/stripes.

495 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – pink (no spots, bars or stripes).

496 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – pink with spots/bars/stripes.

497 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – red/purple (no spots, bars or stripes).

498 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – red/purple with spots/bars/stripes

499 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – yellow (no spots, bars or stripes).

500 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – yellow with spots/bars/stripes.

502 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – other colors (no spots, bars or stripes).

503 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – other colors with spots/bars/stripes.

505 *Phalaenopsis* hybrids (small flower, less than 2.5 inches) – Harlequin.

506 *Phalaenopsis* intergeneric hybrids (small flower, less than 2.5 inches) Other than above.

***Phalaenopsis* – Large flower – 2.5 inches & over natural spread**

511 *Phalaenopsis* hybrids (large flower, 2.5 inches & over) – white (no spots, bars or stripes).

512 *Phalaenopsis* hybrids (large flower, 2.5 inches & over) – white with colored lip (no spots, bars or stripes).

513 *Phalaenopsis* hybrids (large flower, 2.5 inches & over) – white with spots/bars/stripes.

515 *Phalaenopsis* hybrids (large flower, 2.5 inches & over) – pink (no spots, bars or stripes).

Jacksonville Orchid Society, Inc.

2017 Orchid Show

- 516 ***Phalaenopsis*** hybrids (large flower, 2.5 inches & over) – pink with spots/bars/stripes.
- 517 ***Phalaenopsis*** hybrids (large flower, 2.5 inches & over) – red/purple (no spots, bars or stripes).
- 518 ***Phalaenopsis*** hybrids (small flower, 2.5 inches & over) – red/purple with spots/bars/stripes
- 519 ***Phalaenopsis*** hybrids (large flower, 2.5 inches & over) – yellow (no spots, bars or stripes).
- 520 ***Phalaenopsis*** hybrids (large flower, 2.5 inches & over) – yellow with spots/bars/stripes.
- 522 ***Phalaenopsis*** hybrids (large flower, 2.5 inches & over) – other colors (no spots, bars or stripes).
- 523 ***Phalaenopsis*** hybrids (large flower, 2.5 inches & over) – other colors with spots/bars/stripes.
- 525 ***Phalaenopsis*** hybrids (large flower, 2.5 inches & over) – Harlequin.

- 526 ***Phalaenopsis*** intergeneric hybrids. Other than above.
- 530 ***Phalaenopsis*** type flower first bloom seedling from Classes 480 - 526. ***Must be double entered.***

ONCIDIUM ALLIANCE:

- 540 ***Brassia*** species and intrageneric hybrids (*Brs.* x *Brs.*)
- 541 ***Brassia*** intergeneric hybrids (*Aliceara*, ***Brassidium***, etc.)
- 550 ***Miltonia*** and ***Miltoniopsis*** species.
- 561 ***Miltonia*** and ***Miltoniopsis*** hybrids.
- 570 ***Oncidium*** Species and hybrids, large flowered over one (1) inch Natural Spread.
- 571 ***Oncidium*** Species and hybrids, small flowered one (1) inch or less Natural Spread.
- 572 ***Rhynchostele*** Species and hybrids.
- 580 ***Trichocentrum*** Species and hybrids, mule-ear type and terete leaved (*luridum*, *carthagenense*, *splendidum*, *lanceanum*, etc.)
- 590 ***Psychopsis*** Species and hybrids (*kramerianum*, *papilio*, *sanderiae*, etc.)
- 600 ***Tolumnia*** and ***Rodriguezia*** species (*Oncidium* Equitants).
- 601 ***Tolumnia*** intrageneric and intergeneric hybrids (*Oncidium* Equitant hybrids)
- 610 ***Oncidium*** intergeneric hybrids. Other than above.
- 620 Allied ***Oncidiinae*** species - allied genera
- 621 Allied ***Oncidiinae*** hybrids of classes 620
- 630 *Oncidium* type first bloom seedling from Classes 540 - 621. ***Must be double entered.***

Jacksonville Orchid Society, Inc.

2017 Orchid Show

CYMBIDIUM ALLIANCE:

Cymbidium

- 640 *Cymbidium* species, standard or large flower, 1.5 inches natural spread & over.
- 645 *Cymbidium* hybrids, standard or large flower, 1.5 inches natural spread & over.
- 650 *Cymbidium* species, Miniature, less than 1.5 inches natural spread.
- 655 *Cymbidium* hybrids, Miniature, less than 1.5 inches natural spread.
- 660 *Cymbidium* species, Cascading or pendent.
- 665 *Cymbidium* hybrids, Cascading or pendent.
- 680 Allied *Cymbidium* genera species, hybrids and intergeneric hybrids, other than above; (*Cyrtopodium*, *Ansellia*, *Grammatophyllum*, etc.).
- 690 *Cymbidium Alliance* seedling blooming for the first time. Classes 640 - 680.
Must be double entered.

DENDROBIUM ALLIANCE:

Dendrobium—NOTE: Hybrids between sections *Phalaenantha* (Phalaenopsis type) and *Spatulata* (Antelope type) should be entered either in classes 721- 746 DEPENDING ON THE DOMINANT SHAPE OF THE FLOWER OF THE HYBRID.

- 700 *Dendrobium* species: Nobile type (*anosmum*, *aphyllum*, *fimbriatum*, *nobile*, *parishii*).
- 701 *Dendrobium* species: Phalaenopsis type (*affine*, *bigibbum*).
- 702 *Dendrobium* species: Antelope type (*antennatum*, *discolor*, *gouldii*, *lasianthera*, *stratiotes*, *taurinum*).
- 703 *Dendrobium* species: Latouria type (*aberrans*, *alexandrae*, *atroviolaceum*, *johnsoniae*, *macrophyllum*, *spectabile*).
- 704 *Dendrobium* species: any other type.
- 711 *Dendrobium* hybrids: Nobile type – white/yellow/green.
- 713 *Dendrobium* hybrids: Nobile type - pink/lavender.
- 714 *Dendrobium* hybrids: Nobile type - other colors.
- 721 *Dendrobium* hybrids: Phalaenopsis type – white/yellow/green.
- 724 *Dendrobium* hybrids: Phalaenopsis type - red/red-purple/lavender.
- 725 *Dendrobium* hybrids: Phalaenopsis type - candy stripe.
- 726 *Dendrobium* hybrids: Phalaenopsis type - any other color.
- 731 *Dendrobium* hybrids: Antelope type – white/yellow/green.
- 734 *Dendrobium* hybrids: Antelope type - red/red-purple/lavender.
- 736 *Dendrobium* hybrids: Antelope type - any other color.
- 741 *Dendrobium* hybrids: intermediate form (Antelope x Phalaenopsis) type – White/yellow/green.
- 744 *Dendrobium* hybrids: intermediate form (Antelope x Phalaenopsis) type - red/red-purple/ lavender.
- 746 *Dendrobium* hybrids: intermediate form (Antelope x Phalaenopsis) type - any other color.
- 760 *Dendrobium* hybrids: Latouria type.
- 770 *Dendrobium* hybrids: other than above.

Jacksonville Orchid Society, Inc.

2017 Orchid Show

- 780 Allied *Dendrobium* genera, species, intrageneric and intergeneric hybrids: other than above.
- 790 *Dendrobium Alliance* (any type) seedling blooming for the first time: 700 - 780. **Must be double entered.**

OTHER - DIVERSIFIED SUBTRIBES, GENERA, SPECIES, ETC.:

Not included above

- 800 *Masdevallia* species, intrageneric and intergeneric hybrids
- 810 *Dracula* species, intrageneric and intergeneric hybrids other than above
- 820 Allied *Pleurothallidinae* genera species and hybrids intrageneric and intergeneric hybrids: other than above
- 840 *Lycaste* species, intrageneric and intergeneric hybrids.
- 850 *Sudamerlycaste* species, intrageneric and intergeneric hybrids.
- 860 *Anguloa* species and hybrids.
- 870 *Maxillaria* species, intrageneric and intergeneric hybrids: other than above.
- 880 *Zygopetalum* and allied genera, species, intrageneric and intergeneric hybrids: other than those above; (i.e. (Chondrorhyncha, Cochleanthes, Promenaea, etc.)
- 890 *Stanhopea* & allied genera species & hybrids (i.e. *Coryanthes*, *Gongora*, etc.)
- 900 *Catasetum*, *Clowesia*, *Cynoches*, *Mormodes* and allied genera, species.
- Catasetum*, *Clowesia*, *Cynoches*, *Mormodes* and allied genera, intrageneric and intergeneric hybrids: **Predominate color of flower. With or without markings.**
- 911 White/green/yellow
- 912 Red/Burgundy
- 913 Black
- 914 Other Colors
- 930 *Bulbophyllum* & allied genera species.
- 941 *Bulbophyllum* hybrids - single-flowered or sequential blooming type inflorescence
- 942 *Bulbophyllum* hybrids - umbel type & multi-flower inflorescence
- 943 *Bulbophyllum* & allied genera hybrids other than above.
- 950 *Coelogyne* species, hybrids, and intergeneric hybrids other than above including *Dendrochilum*
- 960 *Bletia*, *Calanthe*, *Chysis*, *Gastrorchis*, *Phaius*, *Spathoglottis*, and *Thunia* species, hybrids, and intergeneric hybrids other than above.
- 970 *Disa*, *Habenaria*, *Orchis*, and *Stenoglottis* species, intrageneric hybrids and intergeneric hybrids other than above.
- 980 *Jewel Orchids* - (recognized for colorful foliage & flower) i.e. *Anoectochilus*, *Dossinia*, *Goodyera*, *Ludisia*, etc. (may be flowering) Need not be in bloom.
- 990 **Terrestrials** not covered elsewhere including *Stenorhynchus*
- 1000 Species not covered elsewhere.

Jacksonville Orchid Society, Inc.

2017 Orchid Show

- 1010 Hybrids not covered elsewhere.
- 1020 Diversified Subtribe seedling blooming for the first time: 820 - 1010. ***Must be double entered.***
